

SRAC Decathlon Rules

1. This event runs annually from January 1 through December 31
2. At least one Club member must witness and sign for each event
3. Events may be flown at any time on any day.
4. If any of the events is included in a scheduled Fun Fly, it is an extra chance to improve your score on any of the events,
 - a. If you don't participate in a Fun Fly, you only have one attempt per event for a specific airplane.
 - b. You can only choose to use your Fun Fly score(s) if you have flown the event prior to the Fun Fly.
 - c. If your first attempt at an event is at a Fun Fly, you may attempt to improve your score after the Fun Fly, but you must use that score for the Decathlon.
5. The same airplane, engine and dimensional size battery or capacity fuel tank must be used for all 10 events. In the event of the total destruction of an airplane during the year, you must start over with a new airplane.
6. You may fly multiple Decathlons (separate score sheets) with different airplanes.
7. All attempts become scored events only when declared before the attempt. Such as before starting a series of loops or when the wheels leave the runway (Duration Ratio)
8. You must complete at least 7 of the 10 events with a score greater than zero to have completed the annual Decathlon and for your score to be normalized for final ranking.
9. All events must be flown at the SRAC Field
10. If due to an airplane malfunction, crash, etc., you do not finish an event you can re-do it. You cannot however re-do an event for a better score. (except at a Fun Fly)

This is planned as a fun yet competitive event and the goal is to help everyone complete all the events.
