

SRAC Combat Rules – 2021

SRAC RC Combat has two classes, Scale and Open.

The object is to get airborne with a full streamer (30 ft) within 90 seconds of the "start your engines" call, stay airborne for 5 minutes of combat trying to cut your opponents streamer and protect your streamer from being cut. The specifications for each class are:

Scale Class:

Standoff scale (like way off) models of fighter aircraft in service between 1935 and 1955, maximum wingspan 48", maximum weight 3.5 lbs., maximum engine 0.30 cu. in. or the electric equivalent.

Open Class:

Any aircraft with a maximum weight of 3.5 lbs and maximum engine size 0.30 cu. in. or the electric equivalent.
